In connection with the proclamation of Independence of the Republic of Kazakhstan in 1991, it was named after the great scientist, thinker and encyclopedist, "the Second teacher" of the East Abu Nasr al-Farabi.

The name of al-Farabi is a leading national University is of great importance for the education of students and all young people in the spirit of devotion to the Motherland the examples of history and culture of our ancestors. Al-Farabi is the native land of Kazakhstan, who wrote his works in Turkish, Arabic and Persian languages. The name of al-Farabi entered the history of world science and culture. His writings had a great influence not only on the development of Turkish and Kazakh philosophy, but also became a bridge for the rapprochement of cultures of the West and the East.

1 January 1993 in accordance with the decision of the Academic Council of October 14, 1992 and the Order of the Ministry of education of the Republic of Kazakhstan No. 407, dated 21 October 1992, was inaugurated the national research and educational "al-Farabi". The main objective of the Centre was a broad study of the works of al-Farabi and other prominent Kazakh scientists and thinkers of the past and the widespread use of these materials in the educational process.

In the University there are 15 faculties, 63 departments, 20 research institutes and centres, industrial parks.

L.N. Gumilyov Eurasian National University

L.N. Gumilyov Eurasian National University, an acknowledged academic, research, social and cultural centre, was founded in 1996 by the Decree of N.A. Nazarbayev, the President of the Republic of Kazakhstan. The core reason for establishing this higher education institution was the idea of Eurasian Union. The university, which plays an important role in the Eurasian academic area, has itself initiated the process leading to the achievement of this goal.

International cooperation is conducted by virtue of 130 agreements with foreign institutions, think tanks and other research organisations of the countries of the EU, USA and Oceania, Asia and Africa, the CIS, and with international research and education foundations, embassies and representation offices in Kazakhstan. In 2001 the Kazakhstani branch of L.V. Lomonossov Moscow State University was opened at the ENU.

Professional training at undergraduate and postgraduate levels is implemented in 13 faculties. Training is conducted in Russian and Kazakh languages only under the full time study that allows providing high quality of education. Reception in L.N. Gumilyov ENU is carried out on the basis of the state educational grants and on a contractual basis. University has the Military Department which is carrying out preparation on two military-registration specialties.

The history of formation and development of Kazakh Ablai Khan University of International Relations and World Languages is closely related to the development of foreign language teaching in the country. Established in the Soviet period in 1941, after gaining the status of university it began a new page in its history. There are all conditions for training highly qualified specialists in various branches of humanitarian foreign language and international profile.

A key principle in the development of Ablai Khan University is to get everything best and modern, relying on great pedagogic traditions of the past. Kazakh Ablai Khan University of International Relations and World Languages is among 5 top universities in Kazakhstan and it has kept its leading position in Kazakhstani higher school due to the fact that it is a recognized multi-profile scientific and educational institution providing teaching in 14 world languages. This implies a great responsibility on university because increasing role of education represents a strategic resource in formation of national competitiveness.

At the present time there are 7 departments of Bachelor’s program: department of translation and philology, pedagogical department, department of management and international communication, department of international relations, department of economy and law, department of oriental studies, department of additional education.
